The Company, through this document, offers a quote ("Quote") to buyer ("Buyer") for the sale of equipment, parts, supplies, and materials (jointly referred to as "Products" or "Equipment") under the brand names of McQuay, Daikin McQuay, Daikin, and Goodman ("Trademarks"), as well as services, such as of installation, start-up, maintenance, turnkey and repairs, (jointly referred to as "Services"). This document sets forth the "Terms and Conditions" that apply to all purchases of Equipment and Services by Buyer from Company. The Terms and Conditions stated herein apply to Buyer unless the parties otherwise agree in writing on the attached Quote. Submittal of any further purchase documents by Buyer, and/or execution of this document by Buyer, and/or allowing Company to commence work, and/or ordering services and/or the production of Equipment under this document, shall be deemed an acceptance of the Quote and will be considered a "Contract." Any of the referenced events above will be considered as the commencement date of the Contract. The effective termination date shall be when both these events have occurred: Buyer completes all payments to Company due under this Contract with all funds cleared in Company's financial accounts and Company completes delivery of all Equipment and/or Service. Any additional purchases will require the negotiation of a separate and independent Contract. Any additional or differing terms and conditions contained on any documents prepared or submitted by Buyer (whether or not such terms materially alter the Quote, are hereby rejected by Company and shall not become part of the Contract between Buyer and Company unless expressly consented to in writing by Company. Buyer acknowledges that these Terms and Conditions may be updated from time to time and hereby agrees to be responsible to stay apprised with said updates as these are published in Company's website.

**2. Pricing Policy:** The Contract price set forth in the Quote ("Price") is only valid for thirty (30) days after the date of the Quote. The final Price will be stated in the executed Contract and does not include start-up of Equipment unless agreed otherwise in writing in this Contract. All prices are subject to increase upon notice, due to such events as announced increases in the Company's list prices, or increases in labor or material costs. "Per Unit" prices shown are for reference only and are based upon the purchase of the totality of the listed Products, and strictly by Buyer. Buyer will pay in their local currency for sales billed locally, and in U.S. Dollars for those sales invoiced through the United States. No claims on pricing will be accepted once this Contract is signed. Prices for Services are based on normal business hours (M-F, 8:00 AM-5:00 PM). Overtime and Saturday hours will be billed at a rate of 1½ x the hourly rate; Sunday, 2x the hourly rate; Holiday, 3x the hourly rate. Buyer is herein voluntarily waiving any legal claims arising from or relating in any way or nature whatsoever, to the Contract Price once Buyer signs this Contract.

**3. Payment Terms:** Buyer and terms of payment are subject at all times to prior approval by the Company's Credit Department. The standard terms of payment, unless otherwise agreed to in writing by the Company, require a minimum deposit (standard is of 50%) of the Total Contract Price when executing this Contract and the remaining balance two (2) weeks before production of the Products is completed at the factory. Payment must be made by wire transfer, credit card, or cash, as agreed between the parties in writing. At any time during the Term of this Contract or during the credit relationship between the Buyer and the Company, the Company shall have the right to determine, in its sole discretion, that the Buyer's financial and credit condition does not justify the continuation of production and/or the shipment and/or delivery of the Products and/or Service in the payment terms specified in the Contract and/or in the Buyer's terms of credit. In such case, and/or in the case of Buyer's insolvency, the Company, in its sole discretion, may demand return of the unpaid Equipment at Buyer's full transportation and loading cost and any warehousing costs, and/or full or partial payment in advance and/or, shall have the right to cancel the Contract, stop and/or delay and/or cancel the Services and/or the production and/or shipment and/or delivery of the Products ordered under this Contract or any other Contract between Buyer and Company that remains unpaid, and/or enforce any remedy Company deems necessary in order to become whole and recover its damages and financial losses. In the event of any default in payment, Buyer agrees to pay all expenses and costs incurred by Company as a result of late payments and/or collection, including but not limited to, those associated with transportation of Equipment, warehousing, collection agency fees, attorneys' fees, legal expenses, and/or court costs. All past due amounts shall bear interest at the highest rate allowed by applicable law. Additionally, the Company will charge a 5% late penalty fee on any past due amounts.

**4. Shipping Terms:** Unless otherwise agreed in writing all shipments of non-inventory Equipment will be shipped FCA Factory, based on a quote through a low-cost public freight company. All others will be shipped FCA Warehouse unless otherwise agreed in writing. Company may ship the Products in one or more lots; such lots may be separately invoiced and shall be paid for when due per invoice, without regard to subsequent deliveries. Delay in delivery of any lot shall not relieve Buyer of its obligation to accept remaining deliveries.

**5. Claims:** All responsibility of Company for all shipments ceases upon delivery of the Products to the carrier and regardless of shipping terms or freight payment, Buyer shall bear all risk of loss or damage for all Equipment from that point on, while in transit and through receipt by Buyer. Therefore, all claims for damage or shortage in Equipment while in transit must be filed by Buyer against the carrier, not Company. Claims for factory shortages will not be considered unless made in writing to Company within ten (10) days after receipt of the Products and accompanied by reference to Company's Bill of Lading and factory order numbers. Company reserves a security interest in the Products until all funds on full payment for Products has cleared at Company's financial institutions.

**6. Tax:** The amount of any present or future taxes applicable to the Product(s) shall be added to the Contract Price contained herein and paid by Buyer in the same manner and with the same effects as if originally added thereto.

**7. Cancellation and/or Changes:** Accepted orders are not subject to cancellation or amendments unless Company, in its own discretion: (a) approves the Cancellation and/or Changes; (b) is reimbursed for any and all expenses and costs incurred (including overhead); (c) is paid the Contract Price for the Services performed and/or Equipment delivered and/or ordered to factory and/or which has already been submitted to manufacturing; and, (c) is indemnified by Buyer against any and all losses. All of the above described conditions shall also apply in the event of Buyer's default in payment. The Company will have no responsibility if the ordered Equipment, once ordered and/or on the line of production, does not fulfill Buyer's intended purpose. Buyer shall bear full responsibility of the consequences of any changes it may make to this Contract once this is executed by Company, regardless of whether there is an error in Buyer's order, the design and/or specifications of the Equipment or Services.

**8. Shipping Dates:** Buyer acknowledges and agrees that shipping and/or delivery dates are intended to be estimates only, and that delays can be expected for any reason and/or cause beyond Company's control, including but not limited to, disapproval or delays by the Credit Department of the Company based upon its evaluation of Buyer's credit, any act of God, act of Buyer, governmental act, accident, labor unrest, delay in transportation, pandemic, or inability to obtain necessary labor, materials or manufacturing facilities. No Contract will be made to ship on a specified date, unless stated in a separate writing and signed by an officer of the Company. Buyer acknowledges and agrees that Company shall not be liable for any expenses, costs, penalties, and/or damages of any nature whatsoever, as a result or related in any way to any delay or failure to deliver on or around the estimated shipping and/or delivery dates.

**9. Returns and refunds:** Products may not be returned unless Buyer obtains the advanced written permission of an authorized Company official, and when so returned, will be subject to, including but not limited to, handling, loading, and transportation charges. Authorized returned Products must be shipped and prepaid by Buyer to the location designated by Company's authorization. All Trademark Equipment Installation and maintenance must be performed by Dakin certified technicians or the Equipment warranty will be void. The Buyer must inspect and affirmatively reject the Products within 30 days of delivery. Buyer's failure to give written notice specifying any claim within the limited warranty time shall constitute an unqualified acceptance of the Equipment and a waiver of all claims, and Company will not be liable for any damage, warranty or remedy. If not affirmatively rejected, any error or changes in the Contract, regardless of cause, will be strictly the responsibility of the Buyer. Subject to Sections 11 and 12 of this Contract, for those cases where Company determines, in its sole discretion, that the Products sold under this Contract and used in Latin America or the Caribbean have a manufacturing defect in some materials or components, Company only warrants that it will send to Buyer, FCA Point of Export, those replacement parts or components it determines in its sole discretion, are covered under the warranty, as follows:
