

My Daikin Rewards

Guide: How to register a purchase?

My Daikin Rewards Program

Why should you register your invoices?

My Daikin Rewards is a program that recognizes and rewards the effort and loyalty of installers like you.

By registering purchases of Daikin and/or McQuay products on the program platform you will earn points that can be exchanged for rewards.

Registration of purchases must be done in the following manner:

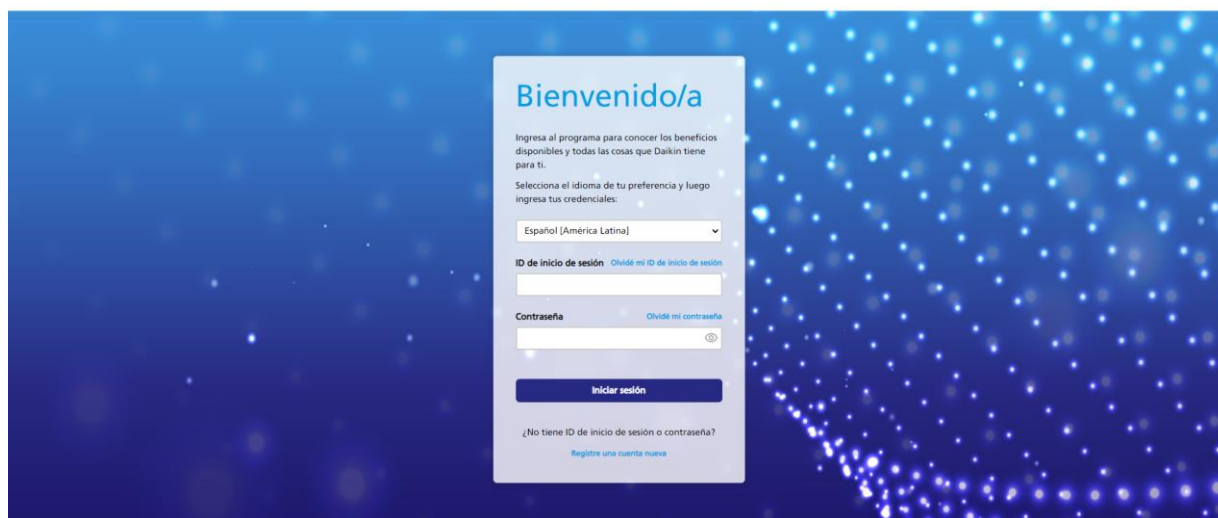

- Participants must be installation technicians (only).
- You can participate throughout the year, because the promotions are monthly.
- Purchases registered on the platform will be verified and may be rejected if they do not comply with the program rules.
- Points are awarded during the second half of each month.
